After more than 6 years working within the animation industry, I've had the opportunity to try different roles: concept artist, storyboard artist, 2D animator, supervisor, and director.

I love finding the best way to show a story, the perfect shot or expression to convey a feeling, and make sure everything fits so the audience can relate, enjoy, and learn, just like I did when I was a kid...
And still do!

SOFTWARE

- Storyboard Pro
    
- Animate (Flash)
    
- Harmony
    
- Photoshop
    
- Premiere
    
- Shotgrid
